Subject: GIS Layers

Hi Bret and/or Liz:

This is Cheryl Burdett with the US Environmental Protection Agency, Region 5 in Chicago, Illinois. We met in April of 2018 when I was asking about how I would find out Public Road-Right-of-Way information. I am wondering if it would be possible for you to provide me with your GIS Layers that you post on website into Dropbox, so that I can look more closely at your parcel data. I am also wondering if you have residential well information as a layer that you could put in Dropbox?

Please contact me if you have questions.

I appreciate your help.

Sincerely,

Cheryl Burdett
